Mark: GPT

<div align="right">

GPT

</div>

US Serial Number: 97733259

Application Filing Date: Dec. 27, 2022

Register: Principal

Mark Type: Trademark, Service Mark

TM5 Common Status Descriptor:

LIVE/APPLICATION/Under Examination

The trademark application has been accepted by the Office (has met the minimum filing requirements) and that this application has been assigned to an examiner.

Status: A final Office action refusing registration has been sent (issued) because the applicant neither satisfied nor overcame all requirements and/or refusals previously raised. The applicant may respond by filing (1) a request for reconsideration; and/or (2) an appeal to the Trademark Trial and Appeal Board. To view all documents in this file, click on the Trademark Document Retrieval link at the top of this page.

Status Date: Feb. 06, 2024

Mark Information

Mark Literal Elements: GPT

Standard Character Claim: Yes. The mark consists of standard characters without claim to any particular font style, size, or color.

Mark Drawing Type: 4 - STANDARD CHARACTER MARK

Goods and Services

Note:
The following symbols indicate that the registrant/owner has amended the goods/services:
- Brackets [..] indicate deleted goods/services;
- Double parenthesis ((..)) identify any goods/services not claimed in a Section 15 affidavit of incontestability; and
- Asterisks *..* identify additional (new) wording in the goods/services.

For: downloadable computer programs and downloadable computer software for using language models; downloadable computer programs and downloadable computer software for the artificial production of human speech and text; downloadable computer programs and downloadable computer software for natural language processing, generation, understanding and analysis; downloadable computer programs and downloadable computer software for machine-learning based language and speech processing software; downloadable computer programs and downloadable computer software for the translation of text or speech from one language to another; downloadable computer programs and downloadable computer software for sharing datasets for the purpose of machine learning, predictive analytics, and building language models; downloadable computer programs and downloadable computer software for conversion of audio data files into text; downloadable computer programs and downloadable computer software for voice and speech recognition; downloadable computer programs and downloadable computer software for creating and generating text; downloadable computer programs and downloadable computer software for developing, running and analyzing algorithms that are able to learn to analyze, classify, and take actions in response to exposure to data; downloadable computer programs and downloadable computer software for developing and implementing artificial neural networks

International Class(es): 009 - Primary Class
